Subject: Update on Enhanced Community Quarantine

In line with the government's imposition of a Luzon-wide Enhanced Community Quarantine and Stringent Social Distancing Measures from March 17, 2020 to April 13, 2020, Integrated Micro-Electronics is implementing a partial shutdown of its facilities in the region since March 17, 2020.

Given the Philippine government's approval for export-oriented companies to remain operational, IMI is collaborating with units in the local and national levels to explore the ability to maintain the appropriate production levels within its factories. Currently, the Company has been deploying a skeletal workforce to support critical business operations in Luzon.

IMI will continue to ensure the health, safety and welfare of its employees and will abide by the guidelines mandated by government.

Very truly yours,

JAIME G. SANCHEZ

Vice President, Deputy CFO and Group Controller
Compliance Officer
